LIST OF FIGURES

Figure 1: Benchmark of European firm standard storage tariffs	9
Figure 2: Working capacity costs in SBU offered by German storage operators	11
Figure 3: Deliverability costs in SBU offered by German storage operators	11
Figure 4: Screenshot of capacities available on the Store-x platform	15
Figure 5: Evolution of working gas volume worldwide, 1970-2009	17
Figure 6: Working capacity by region, 1970-2009	18
Figure 7: UGS working capacity, world top-ten countries, 1.1.2010	19
Figure 8: Withdrawal capacity, world top-ten countries, 1.1.2010	20
Figure 9: Enbridge's storage facilities in Ontario	26
Figure 10: Union Gas' storage facilities in Ontario	27
Figure 11: U.S. underground natural gas storage facilities, Close of 2007	29
Figure 12: Weekly working gas in storage in the US, 1994-2010	30
Figure 13: Gas storage access regime in Europe	39
Figure 14: Gas storage system in Austria	40
Figure 15: Belgian gas transportation and storage network	43
Figure 16: Natural gas transmission and storage network in Bulgaria	44
Figure 17: Gas transportation and storage system in Croatia	45
Figure 18: Czech natural gas transportation and storage system	48
Figure 19: Injections and withdrawals in Denmark, Jul 2007 – Jun 2008	50
Figure 20: French gas transportation and storage system	52
Figure 21: Existing and planned UGS facilities in Germany, 2009	56
Figure 22: Hungarian transportation and storage system	58
Figure 23: UGS facilities in Italy	61
Figure 24: Gas transportation and storage system in Latvia	63
Figure 25: Gas transportation and storage system in Portugal	65
Figure 26: UGS existing and planned facilities in Poland	68
Figure 27: Gas transportation and storage network in Romania	69
Figure 28: Expected evolution of UGS working capacity in Romania	70
Figure 29: Natural gas transportation and storage system in Serbia	71
Figure 30: Natural gas transportation network in the Slovak Republic	72
Figure 31: UGS in Spain	74
Figure 32: Working capacity and deliverability of UGS in Spain	75
Figure 33: Transportation and storage system in Turkey, 2009	76
Figure 34: Storage facilities in operation in the UK	78
Figure 35: Gas infrastructures in Azerbaijan	84
Figure 36: Natural gas transportation system in Belarus	85
Figure 37: Natural gas infrastructures in Kazakhstan	86
Figure 38: Underground gas storage facilities in Russia	88
Figure 39: Natural gas infrastructures in Ukraine	89
Figure 40: Natural gas transportation system in Argentina	94
Figure 41: UGS projects in Mexico	95

LIST OF TABLES

Table 1: Storage investment costs range, 1999-2009	6
Table 2: Estimated Storage investment costs breakdown	7
Table 3: CAPEX example for a 450 Mcm salt cavern storage in the US.....	8
Table 4: Estimated investments costs of several projects	8
Table 5: Ferc regulated storage tariffs, 2009-2010 update	12
Table 6: Distribution of UGS facilities by region	20
Table 7: Underground gas storage facilities in the world, January 2010	21
Table 8: UGS facilities in operation in Canada, 2009.....	28
Table 9: List of UGS projects in the US as of 1.1.2010	31
Table 10: Nature of storage and TPA access.....	35
Table 11: OMV storage tariffs, 1 April 2010	41
Table 12: Regulated storage tariffs in Belgium, 2010.....	43
Table 13: Latest auctions organized by RWE	49
Table 14: Characteristics of UGS facilities in Denmark	49
Table 15: DONG storage tariffs, 2009-2010	51
Table 16: UGS facilities in France, 2009	51
Table 17: Storengy prices for the 2010-2011 season	53
Table 18: TIGF standard storage tariffs for 2010.....	53
Table 19: UGS projects in France	54
Table 20: 2009/2010 bundled storage tariffs in Germany	55
Table 21: National storage tariff in Italy	61
Table 22: Alkmaar and Grijpskerk Storage Tariffs 2010	64
Table 23: Characteristics of existing and planned UGS facilities in Poland.....	66
Table 24: Firm storage service tariffs in Poland, 2009	67
Table 25: UGS facilities in operation in Romania	69
Table 26: Lab IV storage tariffs, 2010	72
Table 27: Production swing in the UK, 1960-2010.....	77
Table 28: Access to storage in the UK	79
Table 29: Standard storage tariffs at the Rough facility.....	79
Table 30: UGS projects in the UK	80
Table 31: UGS projects in Russia	87
Table 32: UGS facilities in Japan.....	92
Table 33: UGS facilities in Australia	93
Table 34: UGS projects in the world, February 2010	104
Table 35: Working capacity / Consumption ratio in Europe, 2009-2020	105
Table 36: Consumption, imports, and production swing factors.....	106
Table 37: UGSs deliverability and daily peak demand in European UGS markets	110
Table 38: PSO and gas storage related to security of supply	114
Table 39: Estimated needs for UGS capacity in Europe by 2020	117
